0810b Tactics & Strategy

Tactics → It is a conceptual action aiming at the achievement of a goal.

Strategy → Strategy is a set of ideas implemented by organisation to pursue desired strategic goals.

Greek word → Strategos

(art of the general)

(or)
ru. art or the arrangement

Military Strategy deals with the planning and conduct of campaigns the movement and disposition of forces.

⇒ on time plan

Tactics → Short term decision - immediate

Strategy → overall plan - Long term Plan
→ Pre planned

Strategy defines itself as - what are you going to do reach a desired (or) certain objective or goal and the tactics are the various steps and approaches used in the plan.

strategy & tactics are two different things...

Strategy - refers to a direction toward a goal
tactics - action taken to support the strategy

strategy is a overall campaign plan where tactics used as on time plan.
